TRACHOMA ELIMINATION PROGRAM—INDULKANA EXPO

APY LANDS

On Wednesday 25 September 2019, ACS partnered with the Indigenous Eye Health Unit of the University of Melbourne, the Indulkana School, Something Wild and the Iwantja Arts Centre to hold a trachoma expo.

Throughout the expo, students participated in activities at different stations, including the trachoma interactive water trailer, which has been a key program initiative. The community came together for lunch and it was a great day of education, fun and connection to community.

Thank you to everyone involved in the day.
